

Irizar
lighting the road

125
years

PB

Stylish, futuristic and imposing, the Irizar PB has defined the essence of luxury road travel for over a decade. The multi award winning flagship model of the Irizar range inspires envy and embodies exclusivity. The 'father figure' of the Irizar range and the inspiration for newer designs, the PB embodies Irizar's brand values of safety, comfort, reliability and innovation.

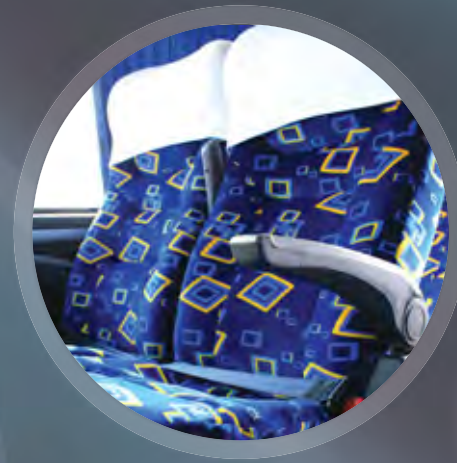

The latest incarnation of the design classic remains at the pinnacle of coach technology, encasing LED and touch screen technology within fluid and aerodynamic lines.

i6

Showcasing a host of new technologies the Irizar i6 presents the culmination of over 125 years of coach building experience. With 'best in class' aerodynamics, an advanced, innovative and ergonomic driver station, intense and energy efficient LED lighting both inside and out and the latest generation of passenger seats the i6 establishes a new benchmark in coach design.

The i6 offers stunning aesthetics coupled with comfort and safety while remaining affordable and serviceable to large fleet owners. With features that are both reliable and cutting edge the i6 has already proved to be a passenger and driver favourite and a great new addition to the Irizar family.

i6 Front Engine

Replacing the Legendary Intercentury, the all new i6 Front engine marries cutting edge technology and dynamics with the rugged simplicity of a front engine driveline. The modern styling, improved features and renowned safety provide all the ingredients of an instant classic.

- Seating 50 - 69 seats
- Optional Features: Fridge/Boiler, Air Conditioning, Bonded Windows, Rear Toilet
