

Viaggio 1050

Marcopolo

The rear includes unique LED running lights and side lights, improving safety and visibility.

Increased luggage compartment.

Super soft reclining seats.

New optical lights.

Wide stairway for more passenger comfort and safety on entry and exit.

VIAGGIO 1050

The Viaggio 1050 was developed to complement the prestigious line of Marcopolo's G7 family Coach. The product was designed to offer great comfort, safety and ergonomics for passengers and driver. It has a futuristic design which is part of our company trademark. It's design incorporates the latest manufacturing concepts, enabling structure optimization which offers better use of the interior space, increased structural rigidity and lower operating costs.
